# Surfaces For Your Home

Combining the beauty and strength of quartz – one of nature's strongest minerals – Caesarstone® quartz surfaces retain the cool, tactile qualities of natural stone yet are resistant to stains, scratches and are easy to clean.

With so many stunning designs to choose from, there's always a Caesarstone® surface for your kitchen, bathroom and more.

# Create Your Dream Space

Whether you're designing a kitchen, bathroom or commercial space, our online photo gallery and Visualiser tool are an ideal way to explore different colour ideas, refine your style choices and share your design online.

Use our online Find a Display locator to discover Caesarstone® displays at kitchen showrooms in your area then email or SMS yourself directions.

The nominal dimensions of Caesarstone's slabs are 3,060mm by 1,440mm. Slab weights are 20mm = 220kg, 30mm = 330kg and 13mm = 143kg.

Caesarstone® is made from natural quartz and therefore some variation in colour and aggregate may occur. We always recommend making final colour selection from an actual sample or full slab of Caesarstone® as the colours in this brochure are only as close as modern printing methods allow.
